

PACT Hepatitis B Prevention and Vaccination Process & Sign-Off

PACT is offering the Hepatitis B Vaccination (HBV) series to all staff who may have to administer first aid or be in contact with bodily fluids as part of their job. The HBV vaccine is a series of three (3) injections given over a specific time period.

Please read the attached information regarding Hepatitis Prevention. If you have any additional questions, you should contact your local Health Department or Centers for Disease Control and Prevention at 1-888-4-HEP-CDC.

PACT for West Central Illinois will pay for reasonable costs incurred for employees requesting to receive the HBV series.

PACT for West Central Illinois provided me with the state's Hepatitis B Prevention information and offered to pay the reasonable costs incurred for receiving the HBV series.

_____ Yes, I am interested in receiving the HBV series of injections.

_____ No, I do not wish to receive the HBV series of injections at this time.
If I decide to receive the HBV at a later date, I will notify PACT in writing.
