Driver \_\_\_\_\_ Bus \_\_\_\_\_

<b>Date:</b>	<b>Location:</b>	<b>Reason:</b>

Use this form to report not using the stop arm at a location where you normally would but due to situation were not able to engage. (Example: in line at a school where there is not room to engage the arm, when children are loading and unloading).

If this is an ongoing practice at one location, just document first date it occurs and the end date as paperwork turn in date.

Keep original and send a copy to the Transportation Coordinator in November and February.
